How does the Tronix Portable Air Blower work?

The Tronix Portable Air Blower uses a large capacity motor and specially designed fan for high flow rates at excellent strength.

This air blower model is fitted to a rectangular, metal bracket which can be easily mounted on light stands or tripods. This feature increases the flexibility and mobility of this equipment on every demanding photo shoot requirements. Carrying is also manageable with its well-designed rubber handle. Its toggle switch allows you to provide a continuous air flow or ON/OFF function.

Other than giving powerful air flows, it can also be used for ventilation and exhaust for enclosed areas and to supply fresh air.

This Air Blower is DC powered. The recommended power source is the [Tronix Auxiliary Battery Pack](#).

Performance

Duration (continuous and Tronix Auxiliary Battery Pack as power supply)	15 to 20 minutes
Duration (2 mins. ON and 1 min. OFF and Tronix Auxiliary Battery Pack as power supply)	25 to 30 minutes

SAFETY INSTRUCTIONS

- ✓ You MUST read and understand this user's guide carefully before using the unit. It is recommended that you follow and observe all the tips listed in this guide.
 - ✓ Do not expose the unit to moisture and water.
 - ✓ The unit should not be subjected to damage or stress. It should be kept away from being stepped on or tripped over.
 - ✓ Do not use the unit if it has been dropped, subjected to massive blow or been damaged in any way.
 - ✓ Do not disassemble the unit. Improper alteration or modification can cause electric shock or fire. In doing this, the warranty is cancelled.
 - ✓ Always keep your unit in good working condition.
-

BASIC OPERATIONS

Tronix Portable Air Blower powered by Tronix Auxiliary Battery Pack.

1. Plug the power connector to the Tronix Auxiliary Battery Pack. (see image 1.4)

2. Turn ON the Tronix Auxiliary Battery Pack.
3. Check the air flow direction sticker and turn ON the Tronix Portable Air Blower and create the wind effect you need.

4. In mounting the Tronix Portable Air Blower to light stand or tripod, screw the 1/4 nut located in the base plate to the light stand or tripod.

NOTE: This Air Blower is DC powered. Please check compatibility of power supplies

MAINTENANCE

1. Turn off the unit when not in use.
2. When cleaning the unit, wipe it with a dry cloth. Do not use any liquid or detergents.
3. When not in use coil the cables. Loose cables usually cause accidents.

WARRANTY STATEMENT

The Tronix Portable Air Blower is covered by a one-year warranty from the date of purchase. From that date, the product should be free of any defect in material and workmanship and it will function in accordance with our stated performance.

Within this period, Innovatronix, Inc. will repair or replace defective parts. This warranty only covers failures due to manufacturing defects and workmanship; hence, breakdown of the unit due to gross abuse and normal wear and tear is not covered in this warranty.

There are no warranties by use except as stated therein. For unsafe and/or faulty repairs, Innovatronix, Inc. and/or sellers shall not be liable caused by such cases. Any alterations made to this product by unauthorized service technicians are the sole responsibility of the owner. Our maximum liability for any breach of this agreement or other claim to the use of this product shall not exceed the purchase price of the product by the customer.

Warranty registration is not required. Warranty is applicable if and only if the product is used under normal conditions for its intended purpose.

CAUTION

Do not make any changes or modifications to the product unless otherwise specified in this manual. Any change or modifications made, you could be required to stop the operation of the equipment.

Innovatronix shall not be liable for any damages or problems arising from the use of any options or any accessories products other than those designated for the product itself. The customer uses this product at his own risk and Innovatronix and/or seller will not be held liable under any circumstances for incidental or consequential loss, damage or injury, including but not limited to loss of properties, due directly or indirectly from the use of this product.
